## Happy Summer!

## Message from 2013 President

Warmer weather is finally here! Now that we're finally drying out, we can enjoy the bright sunshine and relax before school starts back up again! As board members, we're enjoying a little down time as well. While there isn't a workshop in July, we sure hope that you can join us for FCCI's annual Provider Picnic on July 16<sup>th</sup>. Nita Higgins has kindly opened her home to us and we hope to get the chance to sit, relax, eat, and visit with each of you! More details in this newsletter!

A big **THANK YOU** to the banquet committee for a wonderful evening of great food, visiting, and training! The decorations were beautiful and Jim Gill was so fun and entertaining! Thank you Julie Lewison, Nita Higgins, Lee Vang, Sandy Sprung, & Bonnie Reitman for all your hard work!

The end of the legislative session put many new changes in place for family child care providers. These changes are posted in a document on FCCI's advocacy page. Thank you to FCCI's advocacy board, MLFCCA, and other providers and associations across the state for their time and effort working with DHS and legislators to clarify and amend the changes to make them more manageable for providers, while still promoting quality child care in our state. Olmsted County licensors will join us for the August workshop to discuss these changes. Part of these changes is an increase in training for providers. We will soon be required to have 16 hours of training instead of 8 hours. As a member of FCCI, providers can receive up to 23 hours of licensing approved trainings for only \$40! What a deal! Get your membership today!

Since our last newsletter, we have all learned that the bill to unionize licensed and unlicensed family child care providers passed and was signed by Governor Dayton. This means that they can begin to collect cards to order an election. Union door knockers may be coming soon to your door beginning July 1<sup>st</sup>. Please remember that you do not have to speak with them if you do not want to! Just like any other person who comes to your door, if you are busy with your children, you are not obligated to open the door and speak to them. If you do wish to speak to them and they do not leave when they are asked to, you have the right to call the police and have them removed. Providers can also put a sign on the door to inform union representatives that you don't wish to speak to them. A printable sign can be found at [www.childcareunioninfo.com](http://www.childcareunioninfo.com).

Here's to a relaxing rest of the summer! May your school agers be helpful, your preschoolers be happy, and your naptimes be peaceful!

Until next time,

Stacy Boysen

# Olmsted County Licensing Notes

## Notes from the Licensing Supervisor

Summer is finally here! There is so much going on in the world of Family Child Care it is hard to know where to start. I would encourage you to read this entire FCCI newsletter carefully, go to the FCCI website and read, attend FCCI training opportunities, and read the next mass mailing coming from Olmsted County Family Child Care Licensing. We look forward to seeing you all at FCCI on August 12<sup>th</sup>.

### New Legislations (summary of highlights more detail will be in the mass mailing):

- Must have a physician's directive for an infant for an "alternative sleep position," parent signed directive is no longer allowed. (245A.1435 (a))
- Clarified that nothing can be placed in a crib with an infant other than a pacifier, past rule was vague and sometimes interpreted to allow a light blanket. (245A.1435(b))
- Clarified that "infant must be placed in a crib directly on a firm mattress with a fitted sheet that is appropriate to the mattress size so it cannot be dislodged by pulling on the corner with reasonable effort." (245A.1435(b))
- "Sudden Unexpected Infant Death" (replaces Sudden Infant Death Syndrome) and "Abusive Head Trauma" (replaces Shaken Baby Syndrome). Training for license holder, staff, and volunteers must occur prior to caring for children under school age and yearly thereafter (was every 5 years). (245A.40 subd 5 (a), (b), (c) & (d))
- Infant Sleep Supervision. (245A.147) "Encouraged" to check sleeping infants in person every 30 minutes, every 15 minutes during first four months in care and/or have an upper respiratory infection.
- Bleach alternatives for diapering area. (245A.1446) ... "provider may disinfect the diaper changing surface with chlorine bleach in a manner consistent with label directions for disinfection or with a surface disinfectant that meets specific criteria." Details to come in the mass mailing.
- Requirement to notify parents if you carry liability Insurance. (245A.152)

### Brief notes about other things:

- Facebook – data privacy requires you to have written permission from parents to post pictures. We had a recent incident of pictures being posted that implicated the provider in a number of licensing violations. Facebook postings can be the basis for a "complaint" of licensing violations.
- Snow days or late school start days - Unless you have an approved capacity variance you must always operate within your numbers. You must have a contingency plan for staying within your capacity numbers even on days school is canceled or will be starting late. You will get a correction if we visit you on a day school is starting later or canceled and you are over capacity.
- Fines – The state requires us to recommend a sleep fine when we find safe sleep violations. We continue to find providers that do not have fitted sheets, sleep infants on the floor, prop bottles and/or have other things in the crib.

Dawn Schenk	507.328.6882	Licensing Social Worker
Tammy Schettl	507.328.6219	Licensing Senior Case Aide
Rich Hacker	507.328.6418	Licensing Supervisor

Use a firm sleep surface, such as a mattress in a safety-approved\* crib, covered by a fitted sheet.

Do not use pillows, blankets, sheepskins, or crib bumpers anywhere in your baby's sleep area.

Keep soft objects, toys, and loose bedding out of your baby's sleep area.

Do not smoke or let anyone smoke around your baby.

Make sure nothing covers the baby's head.

Always place your baby on his or her back to sleep, for naps and at night.

Dress your baby in light sleep clothing, such as a one-piece sleeper, and do not use a blanket.

Baby should not sleep in an adult bed, on a couch, or on a chair alone, with you, or with anyone else.

### **FREE RESOURCES!!!!**

Order free brochures and videos about safe sleep practices to share with your child care families! These are a great way to share the importance of safe sleep with families in your care to keep infants safe and everyone on the same page. These brochures can be ordered through the National Institute of Child Health and Human Development (NICHD) for free. The link can be found in FCCI's July Enews or by entering this link:
